## LOW VOLTAGE PFC EQUIPMENT

---

Fixed & Automatic PFC ·  
APFC with Static Insertion ·  
Hybrid APFC  
Dynamic APFC

## POWER QUALITY

---

Active Filters  
Static Var Generator

## ENERGY MONITORING SOLUTION

IoT device, with online platform and Cloud storage, for real time monitoring of APFC

### Cloud Control System

Control all your APFC with a single device!

## LOW VOLTAGE PFC COMPONENTS

PFC Racks · Three-phase Capacitors · Reactors · PFC Regulators

## CAPACITORS

Power Electronics · Power Factor Correction · Motor Running/Starting

We believe in a future where companies and individuals use  
their energy at their best, avoiding useless waste.

A greener, cleaner and more sustainable  
world that we will leave to our children.

That is why we do what we do.

This is who we are.
